

BLANCHARD CONNECT

SEAMLESS INTEGRATION, SIMPLIFIED

Blanchard Connect is an Integration As A Service (IAAS) platform designed to connect your cloud and on-premise applications with ease. Automate complex workflows, reduce manual work, and streamline your business operations – without the need for extensive coding or infrastructure management.

- **Fully Managed Service:** Blanchard handles the heavy lifting for you.
- **Automated Workflows:** Streamline processes and reduce manual tasks.
- **Flexible & Scalable:** Works with both cloud and on-prem systems.
- **Cost-Efficient:** No need for extensive infrastructure or custom development

WHY BLANCHARD CONNECT?

- **Speed & Efficiency:** Connect systems faster than ever before.
- **Customized for Your Needs:** Tailor integrations to fit your unique workflows.
- **No Infrastructure Hassle:** High-Availability, Cloud-Native.
- **Managed Migration:** Worry-free migrations from the migration experts.

WHO SHOULD USE BLANCHARD CONNECT?

- **Creative & Marketing Teams:** Streamline creative workflows by connecting design and project management tools.
- **Media & Publishing:** Integrate content management and distribution systems for faster turnaround.
- **E-commerce & Retail:** Sync customer data, orders, and inventory across platforms.

FLEXIBLE INTEGRATION ACROSS PLATFORMS

Connect is designed to work seamlessly with both cloud-based and on-premise systems, offering unmatched flexibility for your integration needs. With support for a wide range of applications and tools, it easily connects:

- **Cloud & On-Premise Systems:** Whether you're running on the cloud or maintaining legacy on-premise solutions, Blanchard Connect ensures smooth integration across both environments.
- **Compatible Platforms:** Integrates with CRMs, ERPs, DAMs, CMS platforms, and other business-critical software. Connect tools like Salesforce, Adobe Creative Cloud, and more.
- **Custom Workflows:** Blanchard Connect professional services can design and automate workflows to fit your unique processes and save you money.
- **Scalable Architecture:** As your business grows, easily add new integrations without disruption or heavy technical overhead.
