

Blanchard Creative Ecosystem

Creative production without disruption.

Creative teams spend too much time managing files, feedback, and versions. The Blanchard Creative Ecosystem unifies it all — storage, access, feedback, and intelligence — so your team can move faster and focus on creating.

Simplify Workflows

Connect your assets, tools, and people in one ecosystem built for active production.

Accelerate Production

Automate versioning, approvals, and delivery to keep momentum.

Work Anywhere

Access every file at local speed, wherever your team works.

The Ecosystem in Action

Storage for Every Workflow

Hot, mid-tier, and archive storage unified for every workflow.

- **Hot:** LucidLink, Egnyte, NASUNI
- **Mid-Tier:** Dropbox, Box, Google Drive
- **Cold:** SharePoint, S3, Glacier

Every file, always within reach.

Your Assets, Right Where You Work

Bring assets to your creatives, not the other way around.

CI Hub integrates directly with

- Adobe
- Microsoft
- Canva
- Figma

Seamless access to the tools your team loves.

Ship Your Work, Not Your Mistakes

Files stay synced, current, and under control, every time. **Stay accurate, aligned, and on time.**

Built for creative teams that never stop moving.
